Integrated Health Care

Integrated Health Clinic - Health Home Pilot

Northern Lakes CMH was chosen by the State of Michigan to test Health Homes in Michigan.

Northern Lakes Community Mental Health (NLCMH) provides a medical wraparound program that supports people in the community. The program is for people who have a mental illness and another serious chronic health condition, like heart disease or diabetes. It is for people who meet the qualifications, including living in Grand Traverse County. If you are already receiving services at Northern Lakes CMH, these services would be in addition to your current services and there will not be a charge and joining the program will not change your existing benefits in any way.

The Health Home Pilot is:

A safety net--an extra layer of care.

Extra help and attention to feel better and avoid needing hospital care.

Access to a Registered Nurse--you can call the Health Home Information Line and talk about concerns and ask questions about your health.

Special events – free talks, groups, and classes – all about becoming healthier.

A Nurse Care Manager is available.

You can get help identifying and achieving your healthcare and wellness goals.

We can assist in helping you manage your health conditions.

We can coordinate with your current health care provider or help you access a health care provider.

We can assist you in finding community resources and support.

Contact information for the Health Home Pilot services:
