

**Northern Lakes Community Mental Health
Annual Board Member Individual Self Evaluation**

16. If I was approached by someone outside NLCMH with a problem, I listened carefully, but did not try to solve the problem. Rather I notified the CEO of the concern and requested that he/she deal with it.					
17. I have spoken "for the board" to the media only when I have been specifically authorized by the Board to do so.					
18. I have refrained from telling the CEO or staff how things should be done.					

The areas in which I feel the need for more education to increase my governance ability are:
