8/19/2021

Our Vision

A community of informed, caring people living and working together.

Our Mission

To improve the overall health, wellness and quality of life of our individuals, families and communities that we serve.

Our Organizational Values

We shall carry out our responsibilities consistent with our Values: 1) In treating all people with compassion, dignity, respect. 2) In respecting diversity and individuality. 3) In visionary public leadership, local decision-making, and accountability for our actions and decisions.

Preamble

When the Northern Lakes Community Mental Health Authority organization was being formed, John Carver's model of Policy Governance™ was chosen to be the means through which the board of directors would govern and achieve what it determined to be the purpose of the agency. Policy Governance™ recognizes that boards exist to own the organization on behalf of some identifiable ownership to which the board is answerable. The power of boards of directors is as a group, a corporate entity, entrusted by the owners with the authority to lead the organization. The essence of Policy Governance™ model is that a board has its maximum positive impact when it gives most of its attention to determining and expressing the goals and values of the Northern Lakes Community Mental Health Authority agency on behalf of its owners. The role of the board is not to manage the agency. The primary motivation for the governance style chosen is to permit the Board of Directors to concentrate its limited time where it can make the most impact. The Board of Directors for Northern Lakes Community Mental Health Authority developed policies to achieve its ends and to monitor the implementation of its policies. Policy is defined as the value or perspective that underlies its action. Board policies are the product of the board and broad guiding statements which reflect the board's philosophy, values or principles. The Northern Lakes Community Mental Health Board's policies are four types: Ends, Executive Limitations, Governance Process/Ownership Linkage, and Board/Chief Executive Officer Linkage.

SECTION 1 ENDS

1.0 Consumer and Community Ends

We are committed to the guiding principles of Culture of Gentleness and Recovery. We are committed to the Person Centered planning process and the development of an individual Plan of Service within the context of available funding and services. We are committed to be a strong and effective partner in Michigan to improve the overall health, wellness and quality of life of the individuals, families, and communities we serve. We believe the systems of care and support we create and manage must serve and provide encouragement, support and opportunities that promote growth and create desired and positive outcomes for all persons served. We are committed to the elimination of stigma in cooperation with welcoming communities, and must meet owner expectations. As a manager and a provider of public health services utilizing federal, state, local funding sources and other reimbursements we hold ourselves accountable and are held accountable. Our responsibility is not to simply serve, but to ensure eligible persons with

severe mental illnesses (including those with co-occurring conditions), children with serious emotional disturbances, persons with intellectual/developmental disabilities and persons with substance use disorders have satisfying, hopeful, and contributing lives that are consistent with their hopes and dreams.

We believe active consumer involvement is critical to Ends accomplishment and in ensuring consumers served achieve the following Ends consistent with individual choice and self-determination.

Consumer Ends:

- 1.0.1 Meaningful and satisfying community experiences, work (income generation) and/or volunteering, and/or success in an educational or vocational setting
- 1.0.2 Meaningful relationships within an ever expanding circle of support.
- 1.0.3 Children and families have rewarding family relationships
- 1.0.4 A safe living environment of their choice and with whom they want (adults) as identified through the Person Centered Planning process and reflected in the Individual Plan of Service within available resources and services.
- 1.0.5 Community membership, inclusion and participation

- 1.0.7 An enhanced overall quality of life
- 1.0.8 Sobriety (as applicable)
- 1.0.9 Integration of behavioral health and physical health services

There are multiple community stakeholders that impact and/or are impacted by what we do and we place a high priority on working cooperatively with them toward the accomplishment of our Vision, Mission, and Ends. Key stakeholders include, but are not limited to, consumers, consumer parents, families, and/or guardians; health care providers; schools; law enforcement; the spiritual community; and local, state, and federal elected officials. To promote Ends accomplishment we need skilled providers and constructive relationships with organizations who provide funds including the MDHHS, managed care organizations, health insurance providers, etc.

Community Ends:

We are committed to the following Community Ends.

1.0.10 Our respective communities and key stakeholders accept and treat consumers with the same respect and dignity that should be afforded to any member of the community.

1.0.11 Community Stakeholders are given opportunities to know and demonstrate support of the Northern Lakes Community Mental Health Authority Ends.

Accomplishment of these Ends will be promoted by having services grounded on accessible and culturally competent services, evidenced-based practices, consumer choice, a commitment to recovery and reintegration, resilience, empowerment, and independence. A cornerstone is our commitment to excellence in person/family centered planning and services. We will utilize the most objective data available and a variety of methods to measure the degree of achievement of our Ends and will do so consistent with the MDHHS Quality Improvement Performance Indicators (measures) and satisfaction surveys, third party perspectives regarding our performance, and other locally adopted measures.

SECTION 3 GOVERNANCE PROCESS/OWNERSHIP LINKAGE

3.0 Global Governance Process/Ownership Linkage

The purpose of the Board, on behalf of Northern Lakes Community Mental Health Authority, is to assure that the Authority (a) achieves appropriate results for appropriate persons at an appropriate cost, and (b) avoids unacceptable actions and situations.

3.1 Board Job Description

The Board acts as the informed agent of the public and is responsible for assuring the appropriate organizational performance. Accordingly, the Board has direct responsibility to create:

The link between the Public and the Organization; and Board Governance Policies that address the broadest levels of all organizational decisions and situations, including:

- 3.1.1 Ends: Organizational products, impacts, benefits, outcomes, eligible recipients, and their relative worth
- 3.1.2 Executive Limitations: Constraints on executive authority that establish the prudence and ethics boundaries within which all executive activity and decisions must take place.
- 3.1.3 Governance Process: Specification of how the Board conceives, carries out and monitors its own task.
- 3.1.4 Board-Chief Executive Officer Linkage: How power is delegated and its proper use monitored; the Chief Executive Officer role, authority and accountability.
- 3.1.5 Assurance of successful Chief Executive Officer performance.

3.2 Governance Style

The Board's responsibilities are defined by and derive from the fiduciary role of the Authority as an essential link in the continuum of public and private entities and agencies that serve the mentally ill, intellectually/developmentally disabled and substance use disorder populations residing in the Authority's service area. The Board's proper sphere of activity lies in:

- 3.2.1 Establishing broad policy for conducting of the affairs of the Authority; and
- 3.2.2 Engaging in strategic planning, promoting community and intergovernmental relations; and
- 3.2.3 Ensuring that governance decisions are made only after open, full and fair consideration of the views of diverse stakeholders.

The Board governs, but does not manage, the affairs of the Authority. The Board delegates to the CEO the exclusive responsibility for the effective management of the affairs of the Authority. In carrying out its mission, the Board accords the highest value to vision, leadership, consensus and a proactive approach. Therefore:

- 3.2.4 The Board cultivates a sense of group responsibility. The Board, not the CEO, is responsible for excellence in governance.
- 3.2.5 The Board initiates policy, and does not merely react to management initiatives.
- 3.2.6 The Board uses the expertise of individual members to enhance the ability of the Board as a governing body, but does not use such individual expertise as a substitute for the collective judgment, wisdom and values of the group.
- 3.2.7 The Board governs the Authority through the adoption of Board Governance Policies reflecting the Board's values and perspectives.
- 3.2.8 The Board's focus is the adoption and realization of Board Governance Policies in the political and financial environment in which the Authority operates. The Board does not focus on management of the Authority. The Board acknowledges management is the proper sphere of the CEO.
- 3.2.9 The Board and its members shall exercise that degree of discipline necessary to attain excellence in governance. This principle applies to attendance, preparation for meetings, adherence to Board Governance Policies, respect for roles and procedures, observance of common courtesy, and development of governance skills.
- 3.2.10 The Board allows itself to address a specific topic or issue only after determining:
 - Whether a topic or issue is properly one for Board consideration; whether the topic or issue addressed by existing Board Governance Policies; and if so, whether the Board wishes to modify existing Board Governance Policies.
- 3.2.11 The Board takes responsibility for the Authority's organizational performance by:
 - 3.2.11.1 Enumerating those powers reserved by the Board to the Board because they are deemed to be necessary for effective governance;
 - 3.2.11.2 Adopting Board Governance Policies setting forth in clear language any limitations or constraints placed on the CEO's management of the affairs of the Authority;
 - 3.2.11.3 Adopting Ends policies specifying desired outcomes for the Authority as an organization and for the Board and for management as constituent parts of the organization;
 - 3.2.11.4 Holding the CEO accountable for achieving Board Ends policies; and
 - 3.2.11.5 Creating an effective system for monitoring and measuring the effectiveness of the Board. The Northern Lakes Community Mental Health Authority Board of Directors believes in excellence in board governance. It believes that through self-evaluation it can determine if it has functioned the way it said it would and that this process will promote the continued improvement of board leadership. This will be accomplished through continued board means policy monitoring, meeting evaluation, individual board member self-evaluation and Board self-evaluation. The individual and Board evaluations shall be completed each October and reviewed at the November Board meeting. The Board may also periodically engage an independent consultant. Based on the evaluation results the Board may develop a governance improvement plan.

3.3 Board Member Code of Conduct

The board commits itself and its members to ethical, businesslike, and lawful conduct, including proper use of authority and appropriate decorum when acting as board members. Conflict of interest is addressed in the Board By-laws and this policy.

Members must not disclose identifiable information (with or without names) about Northern Lakes Community Mental Health Authority consumers, regardless of where this information was obtained from, without informed consent of an authorized party. Members must comply with the confidentiality regulations of the Michigan Mental Health Code and the Administrative Rules.
- 3.3.5 Members will be properly prepared for board deliberation.
- 3.3.6 If a member has a concern with another member with regard to this Code of Conduct. The issue should be directed in the following manner.
 - 3.3.6.1 If the issues involves a member other than the Board Chairperson, the issues should be directed to the Board Chairperson.
 - 3.3.6.2 If the concern involves the Board Chairperson, the issue should be directed to the Vice Chairperson.
