6. CHIEF EXECUTIVE OFFICER’S REPORT:

Karl welcomed Sherise Shively who was recently appointed to represent Grand Traverse County on this Board. He also identified the recent appointees and noted his appreciation for everyone’s efforts. Our strength is in the connection with the counties that we serve.

Karl referenced his written report identifying his activities. He pointed out the work group he co-facilitates for behavioral health and criminal justice. Karl referenced the Sequential Intercept Model which indicates six (6) intercept points for behavioral health intervention in order to divert people from the criminal justice system. We are doing well with the implementation of the two staff at the Grand Traverse County Jail. Karl referenced the Stepping Up Program for community collaboration regarding criminal justice.

Chief O’Brien was invited and attended a Consumer Advisory Council meeting and he talked candidly about how law enforcement deals with individuals who have a mental illness. Karl identified that we have other law enforcement across our six counties who are dedicated and work with the communities. Karl recognized staff for the commitment of moving to Office 365, Outlook, Intacct and NoLa. As a result of these initiatives, staff will be able to focus more time on providing clinical services.

Our Safety Committee has recently had an all staff training on emergency response procedures and how to utilize the telephone alert system.

The effective date for ProtoCal is April 1. There was a meeting previously by the Grand Traverse Community Collaborative where Third Level, Child and Family and Northern Lakes presented regarding the change in the 24 hour crisis hotline. Today there was another meeting that included 911, 211, Housing Crisis Line, the NM Community Action Agency and the Women’s Resource Center. We sent out a press release about our crisis line changes in order to inform the public. Karl identified that effective June 1 we will no longer provide crisis after hours evaluations in the Munson Traverse City, Grayling and Cadillac emergency rooms for individuals with private insurance or no insurance. In the case of people with no insurance, the hospital staff will do the assessment and then send it to our staff for review. If it is approved, we will authorize the first day of hospitalization. If we do not approve, we will provide an assessment. Historically, Northern Lakes has provided after hours assessments in the emergency

rooms to the hospitals at no charge. Rather than an April 1st implementation date, the three hospitals requested an extension to June 1st to which we agreed. "There was also discussion regarding the FAST Team that serves children between the ages of 0 to 20 and their families who are in crisis in the community in order to keep children out of the emergency room as much as possible.
