

Whom We Serve

Northern Lakes Community Mental Health Authority (NLCMHA) serves people with mental illness, serious emotional disturbance, intellectual/developmental disabilities and co-occurring substance use disorders living in these six counties:

- Crawford
- Grand Traverse
- Leelanau
- Missaukee
- Roscommon
- Wexford

NLCMHA has four offices, located in:

- Cadillac
- Grayling
- Houghton Lake
- Traverse City

Priority is given to individuals with the most severe forms of serious mental illness, serious emotional disturbance, and intellectual/developmental disability.

Navigating Your Future

www.northernlakescmh.org

Services and how to access them

When you contact Northern Lakes you will receive prompt answers to your questions about mental health services and eligibility requirements. A qualified Mental Health Professional will complete a telephone screening and arrange for an initial assessment at a time and location convenient for you. (Emergencies will be promptly addressed 24/7 in one of our four office locations or in the community.)

After this initial assessment, we will review your concerns and findings with you and assist you in deciding how to proceed with the best course of care.

If you do not meet eligibility requirements as outlined in our contract with MDHHS (State of Michigan Department of Health and Human Services), we will assist you by providing a referral to an appropriate community service provider.

If you are eligible, and interested in receiving mental health services from us, we will connect you with the services that are best able to meet your needs. We will arrange your first appointment within 14 days and provide you information about any costs you may incur. Additionally, with your permission we will coordinate with your primary healthcare provider to make sure that the services you are receiving from us are highly effective and not in conflict with any medical conditions you may have.

If found eligible, we accept Medicaid, Healthy Michigan Plan, and Medicare. If you do not have these forms of insurance, or if your insurance does not cover the full cost of your services, you are assessed on a sliding fee scale based on your family size and income. Any charges will be made known to you prior to treatment. You will not be denied services due to your inability to pay for those services.
